

# BOOK TO THE FUTURE

Hello There,

I hope this note finds you and your family well. My name is Christopher Dee, and I'm the founder of "Book to the Future".

As a parent, I understand the significance of meaningful screen time for our young ones. In this increasingly digital age, our children often find themselves immersed in electronic devices. With that in mind, "Book to the Future" seeks to provide an educational and entertaining platform for children, specifically those from nursery age through to Year 2.

For just £5 a year, you can provide your child access to a treasure trove of stories. Imagine: a new eBook every week, transporting your child to a world of imagination, learning, and fun! That's 52 original eBooks over the course of a year, alongside engaging activities to reinforce their learning and imagination.

I warmly invite you to explore what we offer. Dive into tales of cosmic races, farmyard shenanigans, and journeys through majestic solar systems. To give you a taste, I'm delighted to offer three of our eBooks for free, which can be downloaded here:

[www.booktothefuture.co.uk/free-ebooks/](http://www.booktothefuture.co.uk/free-ebooks/)

Feel free to download them, share them with your child, and enjoy some quality reading time together.

To learn more or to join our growing community of readers, please visit [www.booktothefuture.co.uk](http://www.booktothefuture.co.uk)

Thank you for taking the time to consider our invitation. Here's to igniting the flames of curiosity, imagination, and love for reading in our young ones.

Warm wishes,  
Christopher Dee  
Founder, Book to the Future
